## Education

**Pragati Engineering College, Surampalem, Andhra Pradesh**

**2021 – 2025**

*Bachelor of Technology in Information Technology*

**CGPA: 7.65**

**S.H.R.M College, Pithapuram, Andhra Pradesh**

**2019 – 2021**

*Senior Secondary (XII)*

**Percentage: 70**

**Municipal High School**

**2018 – 2019**

*Secondary (X)*

**CGPA: 9.0**

## Projects

**Quick clock** ([View here](#))

- Designed and developed a fully functional quick clock application using HTML, CSS, and JavaScript.
- Implemented essential features such as start, stop, pause, and reset, ensuring precise time-tracking with interactive JavaScript functionality.
- Created a responsive and visually appealing user interface using CSS, delivering a clean and user-friendly design.

**Login Page** ([View here](#))

- Developed a responsive login page using HTML, CSS, and JavaScript, ensuring compatibility across devices with modern, mobile-first design techniques..
- Implemented input validation to improve user experience by ensuring accurate data entry, reducing errors.
- Enhanced security with password hashing, ensuring user credentials are securely stored and authenticated.

**Tunelingo - AI voice translator**

- Developed an AI-based application for real-time translation of songs and conversations, ensuring accurate context, tone, and meaning across languages.
- Enhanced cross-cultural communication by preserving emotional nuances and facilitating seamless interactions.
- Empowered businesses to expand globally, improve customer engagement, and streamline international operations by overcoming language barriers.

## Technical Skills and Interests

- **Languages:** Python, SQL, Java (Basics)
- **Developer Tools:** VS Code, Canva
- **Technologies:** Basics of HTML, CSS, JS
- **Computer Fundamentals:** Data Structures and Algorithms, DBMS, OOPS
- **Soft Skills:** Communication, Team Work, Presentation, Problem Solving, Project Management.

## Certifications

**AWS Global Certified Cloud Practitioner Certification**

- Highlight AWS Certified Cloud Practitioner (valid through August 2027) alongside technical skills in cloud computing, programming, and tools, showcasing a strong foundation in cloud services and problem-solving abilities.

**HackerRank Python Programming Certification**

- Certified in Python (Basic) from HackerRank, showcasing foundational programming skills and problem-solving capabilities essential for software development and data-related roles.

## Internships

- Data Engineering Virtual Internship by Eduskills Academy.
- Python Full Stack Virtual Internship by Eduskills Academy

## Achievements

- Solved over 100 problems on Leetcode, enhancing algorithmic thinking and problem-solving abilities.
- Achieved selection for the NMMS scholarship by excelling in the competitive exam during 8th grade, demonstrating academic excellence and merit.

## Extracurricular activities

- Student coordinator for Strides-2k24- PEC
- Actively participated in Essay writings, dance story telling in my school days.

I hereby acknowledge that the information furnished above is correct to the best of my knowledge
